Badbury Care Home, managed by local Weymouth based care provider Agincare Homes Holdings, has 33 newly refurbished rooms in a comfortable homely environment not far from the centre of Dorchester.

Badbury Care Home and neighbouring Maumbury Care (formerly Greenbushes Nursing Home) underwent a £1/2 million refurbishment programme during the course of 2015.

Badbury Care Home offers high quality residential care, support and assistance in a comfortable, relaxed and traditional environment. We know what we're doing as we've been doing it for over 26 years and, as we're part of a large private group benefiting from economies of scale, we are able to offer quality care at an affordable price.

“Thank you so much for taking great care of R over the past couple of years. He was very happy with being there, even if he said on occasion he wasn't! He enjoyed all the time and energy you all gave him and we are truly grateful to you all for that.” Wife of Resident

*Treating people as individuals and delivering truly person-centred care is central to everything we do.*

Close to the amenities of Dorchester and Brewery Square, this long-established care home is at the heart of its local community offering delicious home-cooked food and landscaped gardens for outdoor use.

Over 25 years of local care provision and staffing knowledge is now combined with Agincare's 25 years' experience from services across the country, working together to ensure long term, quality services for the local community.

The 33 newly refurbished bedrooms are mostly with en-suite facilities and are available to private pay residents. Further enhancements to the existing accommodation will continue through the coming year.

Through training, and many years' experience, our highly trained staff know how to respond and can help each and every one of our residents to feel comfortable, whilst gently stimulating their daily living skills with age-related activities.

In every one of Agincare's 16 care homes across the country, we strive to provide a warm and friendly environment for all residents, with truly person-centred care delivery. We look forward to Badbury Care Home becoming a thriving community hub for the locality, with an increasing range of service provision.
