As part of the James Day Care Centre, Gainsborough Care Home is a recently re-developed home central to the amenities of Swanage town and has become a thriving community hub for the local area.

The home offers not only high quality accommodation, a homely atmosphere and a fantastic garden, but the opportunity to enjoy all the home comforts and security of a first class care home, whilst still being in the heart of Swanage.

“Thank you and your kind staff for the excellent care given to G in his last months. I know he had got to feel at home and it gave me great peace of mind”.

Son of Resident.

A busy stimulating environment situated in the heart of the beautiful Isle of Purbeck

Situated in the heart of the beautiful Isle of Purbeck, Gainsborough Care Home is now registered for 45 residents.

There are several assisted bathroom/wet-room and WC facilities on each floor, all with modern facilities and amenities. There are even interconnecting rooms for couples.

The home is arranged over two floors. The first floor is accessed by stairways and a passenger lift. There are two communal lounges and a dining room on the ground floor, with another two lounge/diners upstairs.

Most areas of the home overlook mature, well maintained gardens and/or the local views.

The gardens offer seating, ramped access to pathways with support railings and sheltered space. There is a pond and feature fountain.

Care is primarily for older people over the age of 65, with dementia care provision included.

The James Day Care Centre is unique in the area combining a care home, community hub, home care - a true one stop shop for the local community. Not only does the centre look after its residents but also welcomes members of the community to meet and use its facilities.

Please call our Registered Manager on 01929 422500 to arrange a visit.
