waterloomgr@agincare.com | www.agincare-homes.com

Having recently undergone major refurbishment, Waterloo is a private Care Home offering great quality care, support and assistance in a comfortable, relaxed and traditional environment. Waterloo is a dementia friendly home which has been providing care and support to vulnerable older people in the local community for many years. Our philosophy is to provide good quality care at a fair price.

Whatever our residents' needs, be it simply assistance with daily tasks or more intensive end of life (palliative) care, we have the facilities, equipment and, most importantly, the trained skills to ensure your stay is as dignified and comfortable as possible.

“It is a very friendly atmosphere and feels homely.”

Care Worker K.

As part of the Agincare Group we know what we're doing, we've been doing it for over 26 years

The home boasts 8 newly refurbished Care Apartments which are fitted with en-suite wet rooms, space for tea and coffee making facilities and balconies overlooking the beautiful grounds.

The concept behind the Care Apartments is to help maintain greater independence whilst benefitting from the security, services and facilities offered by the Care Home.

The accommodation is arranged over two floors and has 36 bedrooms, all used as single rooms, many of which are en-suite. There are several assisted shower bathrooms with WC facilities on each floor and all areas of the Home are serviced by the passenger lift.

There is a large lounge and dining room with full length windows and patio doors overlooking the gardens as well as various, smaller seating areas. Many of the bedrooms have doors leading

to small, paved patio areas or balconies where residents can enjoy their own garden furniture, potted plant display and bird tables.

Events are regularly hosted, such as piano recitals, visiting entertainers, cream teas and summer barbecues, to which family and friends are welcome.

Waterloo has a homely and very welcoming feel about it with experienced staff who know the value of dignity, respect and kindness in the care of people.

There is a comprehensive training programme which ensures that all staff are fully trained to assist residents and their families. We also work closely with local interest groups, support groups and community health and social care services.

For further information please ring our Manager on 01202 824807
